Authority of Sec. Navy, when it is impossible to make contracts, etc., for items for prosecution of the war, to provide facilities and provide for their operation, etc.

Defense

DEFENSE: retention necessary; relates to 1951 appropriation for construction of aircraft for which specific project authorization is inappropriate..

44a. Act of June 16, 1938, ch. 458, sec. 3, 52 Stat. 708; 50 USC 93.
During any war in which the U.S. is engaged, the statutory limit on the educational orders for the manufacture of special munitions, etc., which may be awarded to any one factory is not operative.

Defense

Defense Production Authority

DEFENSE: Termination of no material effect.

Why is this of no material effect? Termination of the war would seem to reimpose limits upon educational orders. Has it been superseded or repealed by provisions of the Def. Prod. Act of 1950 or some other law?

45. Tennessee Valley Act of May 18, 1933. 48 Stat. 62(m); 16 USC 831d(m); Sec. 5m.
Sec. 5m provides that none of its products can be sold for use outside the U.S. Govt. for use of the Army and Navy or to U.S. allies in case of war.

State

TVA: desirable to have authority to sell certain of its products to countries which will no longer be our allies when war is terminated. COMMERCE: agrees, mentioning nitrogenous fertilizer. DEFENSE: expiration of law will have no effect on its operations.

54. Act of June 15, 1917, 40 Stat. 219, sec. 6; 18 USC (recodified), 793.

Defense

AEC

Authority of the President in time of war or in case of national emergency to designate by proclamation places used for Army or Navy storage (including atomic bombs) as places concerning which information is not to be published in the interest of national defense; he may approve regulations concerning vessels in Territorial waters, upon declaring that a nat'l emergency exists by reason of actual or threatened war, insurrection, or invasion, or disturbance or threatened disturbance of the interna. relations of the U.S.

Has the substance of this law been reenacted in any other bills? S. 595 and H. R. 4703, 81st C. would have amended these provisions. Question as to authority granted in this law exists because the wording in the 1950 emergency may not meet the requirements of this Act.

99. Act of June 15, 1933, sec. 18; 48 Stat. 160, as amended; 32 USC 81.

When Congress shall have declared a nat'l emergency and shall have authorized the use of armed land forces of the U.S. for any purpose, requiring use of troops in excess of those of Regular Army, the President may order units of the Nat'l Guard of the U.S. into active military service for the period of the war or emergency.

Since Congress must declare the nat'l emergency, doubtful whether this authority will exist after termination of war. While Sen. Doc. 42 states authority herein was suspended by P.L. 239, 80th C., sec. 3. cannot find such suspension in this law. However, Supp. IV of USC states that P.L. 239 did suspend this authority.

100. Act of July 2, 1940, ch. 508, 54 Stat. 712-13; secs 1(a) and 1(b) extended June 5, 1942, ch. 340, sec. 13, 56 Stat. 319; 50 USC app. 773-776, 1171. Defense

Authority of Sec. of War to provide for installations for manufacture of military equipment, at military posts, plants, etc. (including privately owned plants), and for storage and shelter, to exchange surplus equipment, etc., without certain restrictions, and to operate or dispose of plants, etc. until 6 mos. after present war.

102. Act of June 5, 1942, ch. 340, 56 Stat. 314, 50 USC app. 761-776. Defense

Authority of Sec. of War until 6 mos. after present war; to provide entertainment and instruction to enlisted men; to employ internes in Medical Dept.; suspension of limits to strength of any branch of Army, number of aviation cadets in Army Air Corps, assistant superintendents in Army Nurse Corps, number and grade of Reserve officers ordered to extended active duty and number of officers of Army required to participate in aerial flights; certain powers of the Sec. of War concerning civilian employees, removal of dependents and household effects of civilians; and military personnel; lease of Maritime Commission and War Shipping Administration vessels for Army transportation; construction at military posts; maximum fee of 6% for fixed fee contracts for construction at military posts; operation of one railroad and lease of land; suspension of limitations on number of airplanes, etc.

FSA, CSC,
Commerce

DEFENSE: sec. 1, entertainment and instruction of enlisted personnel and employment and pay of internes, secs. 7 and 11, availability of funds, acquisition of land and interests in land, approval of title should be kept in effect. Secs. 5, 6, 8 and 10 relating to other provisions in Act are of no material effect. JUSTICE: as to secs. 7 and 11, Attorney Gen. will not have to clear title before acquiring land and that part of statute relating to employment of experts can be terminated.

Defense

Commissioned officers of the Public Health Service shall be entitled to full military benefits with respect to active service outside the continental limits of the U.S. or in Alaska, "in time of war."

An allowance of \$250 for uniforms may be paid to each commissioned officer of the Public Health Service "in time of war," who is appointed to the Regular Corps or called to active duty in the Reserve Corps in certain grades.

"In time of war," the President by Exec. Order may declare the commissioned corps of the Public Health Service to be a military service during which time it shall constitute a branch of the land and naval forces of the U.S. and be subject to Articles of War and Articles for the Govt. of the Navy. E.O. 9575 issued under this statute itself depends on the existence of a state of war.

Defense

DEFENSE: retention necessary in view of Korean conflict; persons affected should have 1 yr. after conflict is ended for filing of their claims. ADM. OFFICE OF U.S. COURTS: On other hand, stated that termination of war would have desirable effect of speeding such suits into courts.

Justice

Authority of Gen. Serv. Adm. and Housing Adm. under secs. 1, 202, 401, and 402 of Lanham Act (defense housing) is to terminate when President shall have declared that "limited emergency" has ceased to exist, except with respect to contracts previously made, etc.

HHFA: Only certain leases, construction and continuation programs on which Lanham Housing projects are based (see secs. 301 & 304 of Lanham Act (42 USC 1541 and 1544)) can be extended by a bill continuing a technical state of war for this purpose. Nat. Cap. H'sing. stated termination of war or emergency may raise questions of power to operate under this Act.

S. Doc. 42 states that while war housing and defense projects and works acquisition programs have terminated, statute is required with respect to a reuse program of surplus structures under Title V and acquisition of land under secs. 1, 292, 401, & 402 of the Act. In view of possibility of limited emergency being construed

to be terminated by termination of war, extension of this Act should be considered if there has not already been superseding or sub. language.
